Little Bear Infant Class July Newsletter
小熊班七月份学习纲要

Dear Parents,

In July, we learned about "Summer" and "Fruits". Throughout these topics, the babies learned about Summer accessories such as sunglasses and hats. They also learned about fruits such as Watermelon and mango. During our lessons, the babies touched and felt items that were related to these topics, looked at theme-related pictures, and listened to relevant songs. Through this learning, we helped improve babies' awareness of the summer weather and a couple of fruits.
