Little Bear Infant Class March Newsletter
小熊班三月份学习纲要

Dear Parents,

In March, we learned about "Knowing Fruits" and "Knowing Numbers".

In these topics, we let the babies learn about fruits such as apple and banana. Babies also learned about numbers such as one and two.

During our study, we allowed the babies to touch items that are related to these themes by using their hands, looking at pictures of the topics, and playing the relevant songs.

Through learning, we improved babies' awareness of fruits and numbers.
