### Infant Class Learning Program for March, 2021

#### 婴儿班三月份学习纲要

Dear Parents,

Our themes in March were "Color" and "Frog".

In the first two weeks, the theme was talking about the colors of "Orange and Blue". We showed the pictures of oranges and cute blue birds to describe the beautiful oranges and also the blue birds have beautiful feathers with a chirp sound. We prepared orange and blue scarves to make flower balls to attract children's attention and make them more interested in learning.

The theme for the next two weeks was "Frog", we showed a variety of frogs in different colors. We also shared that the frog has two round and prominent eyes, a wide mouth, a very long tongue, two short front legs and two long rear legs. The back of the body is green with dark stripes. They live in water and love to eat the pests. They turn their tongues out and shoot while catching them and thereafter turn their tongues back into their mouths to eat them. We also placed pictures of frogs on the blanket for the children to catch and they counted one, two and three during catching. We also used a box to hold water and put the plastic little frogs in the water. We let the children catch them in two different places and they also have different feelings. We played a happy little frog song so that the children could learn and play fun at the same time.

The theme of the last week was "Frog" regarding the process of changing from tadpole to frog. We showed the pictures of tadpoles becoming frogs, and described how little tadpoles grow up. Two rear legs will grow up first with a shorter tail and subsequently two front legs grow out. The tail will eventually disappear and become a little frog. At the same time, we told the children that after the little tadpole becomes a frog, it likes to jump around on the lotus leaves every day, and makes a sound of "quack quack quack". When the teacher imitated the sound of a frog, the children listened very excitedly.

亲爱的家长们：

我们三月份的学习主题是《颜色》与《青蛙》。

在前两周的学习主题是颜色《橙色和蓝色》，为了吸引孩子更有趣地学习，我们展开了和橙色有关的橙子和可爱蓝色的小鸟的图片，并讲述了漂亮橙色的橙子，同时也讲述了小鸟有很漂亮的羽毛和很动听的叫声，也采用了橙色的和蓝色的丝巾做成花球吸引小孩的目光，使他们更喜欢地学习。

接着两周的主题是《青蛙》，我们展示了多种不同颜色的青蛙，并讲述了青蛙有两只圆而突出的眼睛，一张宽大的嘴巴，舌头很长，前两腿短，后两腿长，身体背上绿色和带有深色的条纹。牠们住在静水里，爱吃害虫，在捕捉虫子时，将舌头翻射出去，当捕捉到虫子时，再把舌头翻回嘴里把虫子吃掉，我们还把青蛙图片贴在毯上，让小孩捕捉，在捕捉时亦同时数着1只2只3只...。还用合子装着水，把塑料的小青蛙放进水里，让小孩子捕捉牠们，在两个不同的地方捕捉，也有不同的感觉。同时也播放着快乐的小青蛙歌，让小孩每天都在有趣开心地学习与活动。

最后一周的学习主题是《青蛙》，关于小蝌蚪变成青蛙的过程，我们展示了由小蝌蚪变成青蛙的图片，并讲述了小蝌蚪在长大的过程中，会先长出两条后腿，尾巴变短，然后长出两条前腿，尾巴最后会消失，就变成小青蛙。同时也讲述了小蝌蚪变成青蛙后，每天很喜欢在荷叶上跳来跳去，并发出呱呱呱的声音。当老师在扮演青蛙叫时，小孩都很开心地听着。
