T/P Mix Class July Newsletter

学步学前班混合班七月份学习纲要

Dear Parents,

We learned two themes of “insects” and “marine life” in July.

In the insects’ theme, we discovered many fascinating things about insects and talked about what is an insect. We introduced the body parts of an insect and used pictures to show what an insect looks like. We especially learned about ants and bees and the children learned that there are many colors, sizes, and kinds of insects through various exercises and activities. They understood what insects eat and where they live. Children also got to know that all the insects have three body parts and six legs.

In the theme of “marine life”, we learned what kinds of animals are living under the sea and discussed the colors, sizes, and kinds of different sea animals. We also talked about shellfish and mammals and identified the difference between oceans and rivers.

We have been having a fun time this month and the children enjoyed learning all of these themes. We will learn about shapes, numbers, and sports next month. Hopefully, everyone has a fun and safe summer.

At School

Some of the learning activities included:

- Making bees and ladybugs in an insect theme.
- Making jellyfish, whale, crab and starfish in a marine life theme.
- Reading many books and stories about insects, marine life.
- Singing songs about insects and marine life.

At Home

- Check out children’s books about insects and marine life from the library.
- Go to the aquarium and science museum with your child.
- Go to the beach with your child.

Classroom Teaching Team: Sophia / Qing

本月词汇 (Vocabulary):

guó qìng jié 国庆节 Independence Day	yān huā 烟花 Firework	Kūn chóng 昆虫 Insect	piáo chóng 瓢虫 Ladybug	qīng tíng 蜻蜓 Dragonfly	pá xíng 爬行 Crawl	mì fēng 蜜蜂 Bee
--	----------------------------------	----------------------------------	------------------------------------	-------------------------------------	-------------------------------	-----------------------------

Hǎi yáng 海洋 Ocean	hǎi tān 海滩 Beach	jīng yú 鲸鱼 Whale	Hǎi tún 海豚 Dolphin	páng xiè 螃蟹 Crab	Hǎi mǎ 海马 Seahorse
--------------------------------	-------------------------------	-------------------------------	---------------------------------	-------------------------------	---------------------------------

亲爱的家长们:

我们在这个月学习的内容有: “昆虫” 和 “海洋生物” 的两个主题。

在“昆虫”这一主题里, 我们通过大量的图片, 孩子们学习了什么是昆虫以及昆虫的主要特征。我们重点介绍了蚂蚁和蜜蜂。通过各种讨论和活动, 孩子们知道了昆虫有不同的种类、颜色和大小, 了解昆虫的食物和住的地方。还明白昆虫的身体是由三个部分组成, 并且它们有六条腿。

在“海洋生物”这一主题里, 我们从讲故事和唱儿歌里, 学习了各种不同的海洋动物, 讨论了它们颜色和大小。同时还认识了甲壳类动物, 哺乳类动物和介绍了海洋和河流的分别。

我们共同度过了一个愉快和多姿多彩的夏天, 下个月的主题是“形状, 数字和运动”, 祝大家有一个愉快和安全的夏天。

在学校:

主要活动包括:

- 在昆虫这一主题里, 手工制作了蜜蜂和瓢虫。
- 手工制作了水母, 海星, 螃蟹和鲸鱼。
- 读有关昆虫, 海洋动物的故事。
- 唱有关昆虫, 海洋动物的儿歌。

在家里:

- 到图书馆借有关昆虫和海洋动物的图书。
- 与你的孩子一同参观水族馆和科学馆。
- 与你的孩子一起去海滩。
